

Spring 2026 Portfolio Review

Jack Rikerd

MW 8am

Portfolio Statement

This term has helped me develop my confidence in drawing in various, traditional mediums. I've had trouble with charcoal and pastels in the past, but through this class I've become more confident in my ability to create using these tools. These specific drawings were chosen in regard to my confidence and growth with the pieces, many of which helped me break into a new skill and grow my self-assurance. Two of my favorite drawings include my value charcoal drawing, as I remember how hard I worked on creating the forms and choosing to darken the background to really make the images pop, and my final Toontown atmospheric perspective work, as I enjoyed building my skills in a new medium and with colors. As an Immersive Media major, drawing will directly support any medium I pursue, whether it's drawing sketches for larger projects or using full pieces for my work.
